Hosted by: **McCoy Mills Ford**

The Model T Ford is considered the most important car ever built because it put the world on wheels. From 1908 to 1927 Ford produced over 15 million cars and trucks at affordable prices. During this period Ford produced more cars than all other manufacturers combined.

ORANGE COUNTY MODEL T CLUB Members will be displaying a cross section of cars.

- ◆ Restored—Brass and Black Steel Cars
- ◆ "Barn Finds" - Original unrestored
- Custom Body—Ford sold about 2% of cars without a body. Customers could buy or build speedsters, depot hacks, vans, fire trucks, etc.
- ◆ Montana 500 Racers—Cars that participate in the annual 500 mile timed event for stock Model T's.
- ◆ Demonstrations on how to start and drive this unique car.

Bring the family to learn about the car that changed the world.
