

COOL CRUISE CAR SHOW is rescheduled for AUGUST 22, 2020

The health and well-being of our car show community is of critical importance to us.

Given the current state of the COVID-19 (Coronavirus) global outbreak and in light of government and health officials' recommendations to postpone or cancel events that attract more than 250 people,

Flying Deuces has made the decision to reschedule the COOL CRUISE CAR SHOW in Old Town La Verne to Saturday, August 22, 2020. All vehicles and vendors registered for the April 11th date will be honored at the new date of **August 22, 2020.**

As an event that depends on audience participation and community support for its survival, Flying Deuces feels it has a critical responsibility to prioritize the safety and health of its participants, sponsors, vendors, visitors, staff, and the community at this time. We are being proactive in our efforts to prevent the spread of this virus.

We look forward to bringing the car show community together when we can safely proceed with our normal operations and the COOL CRUISE CAR SHOW. Please take good care of yourselves and your health. We will remain in close contact with you regarding any other necessary event changes or updates as we have them.

We appreciate your support and understanding.
