

**EMPOWER CHILDREN OF ALL AGES
TO DISCOVER *THEIR* POTENTIAL NOW!**

In today's world of predominating violence, abuse and negativity, children are faced with the gauntlet of their lives, whether they are aware of it or not. In high-octane motor sports, as in life, control is a perception and wavering commitment means injury or probable death. 100% commitment and clear intention are requisites for success at this fulcrum of choice where dreams and aspirations hang in the balance. In the face of the ever constant barrage of negativity dished out by this world, this is YOUR opportunity to empower children of all ages to discover their potential! Join us in this celebration of discovery at Miramar Speed Circuit on September 2nd, 2007, where your generous contributions will make a difference in the lives of kids of all ages. Be the change that allows kids to see their greatness and experience their success!
