

Welcome to the Ventura V8s!

Ventura V8's is the Ventura County, CA Regional Group (#84) of the Early Ford V8 Club of America. Following in the leadership and theme of our national club, the mission statement of the *Ventura V8s* is to ***“Authentically maintain, drive and share the Ford Motor Company vehicles of 1932-1953.”***

Since 1974, our regional group has enjoyed members monthly dinner meetings, day drives, tours, national meets, overnight trips and holiday events. Either as a group or individually, we attend vehicle displays, various car shows and participate in charity events. The club is a fun group of folks dedicated to preserving the originality of the Ford Motor Company vehicles of 1932-1953 to slightly modified FoMoCo vehicles of the same era.

We'd love to have you join us or at least drop by a meeting. ***You don't need to own a Ford V8 to join; interest is enough!***
